

## ***Whitby Men's Slo-Pitch League***

Approved Bats for 2023 Season

Updated: **February 8, 2023**

All bats **MUST** have one of the following stamps to be considered legal in the WMSPL.

Exception: Wooden softball bats do not have to be stamped with a BPF of 1.20 and may be used and are legal in all WMSPL play. Wooden bats need to be marked "OFFICIAL SOFTBALL" by the manufacturer. The WMSPL will decide on any necessary grandfathering that will need to be done prior to the start of each season.

**\*NOTE\*** Banned bats from the following association(s) will take precedence over lists where the bat may be approved and will not be allowed in the WMSPL. The link(s) below show the banned bats (**as of February 8, 2023**):

USSSA:

<http://ussa.com/slowpitch/slowpitch-withdrawn-andor-non-compliant-softball-bat-models>

Remember to always check the [www.ussa.com](http://www.ussa.com) website for the updated list of banned bats (in case the above link has been changed).

### **Altered Bat Policy**

The WMSPL will be following the NSA Canada "Altered Bat Policy" as referenced in the following link (**as of February 8, 2023**):

NSA Canada:

<https://nsacanada.ca/bats/>

Remember to always check the [nsacanada.ca](https://nsacanada.ca) website for the updated policy (in case the above link has been changed).
